About Us

yaCrew was launched in 2013, after it was identified on one of our other job boards All Cruise Jobs that there was a market for yacht owners and crewing agents wanting to seek out high quality crew members.

yaCrew has grown dramatically and is now one of the largest and most popular job boards on the market specializing in jobs on yachts.

yaCrew currently advertises over 450 yacht jobs from 25 different recruiters worldwide and has over 9,000 job seekers actively looking for jobs using the site.

yaCrew is one of three job boards that are currently being run by Webix and all are proving to be very successful.

Services offered to Job Seekers

At **yaCrew** we offer job seekers a range of services, helping to make our job board so popular. Some of the services offered include:

- Career advice with valuable information such as how to write a good CV and how to prepare for an interview
- Visa application information and what is required
- Information about required training and qualifications
- Directory of training centres providing courses they may need

'Viking Recruitment has been using **yaCrew** to advertise a number of jobs. The success of these has seen us receive a significant number of candidates for positions our clients are seeking to fill'.

Paul Rutterford
Marine Recruitment Manager – Viking Recruitment

'I found the **yaCrew** website really useful when I was trying to find my STCW course. It was so easy to use and also helped me to find a place to get my course completed within the UK'.

Ben Rhodes – yaCrew Job Seeker

Services offered to Recruiters

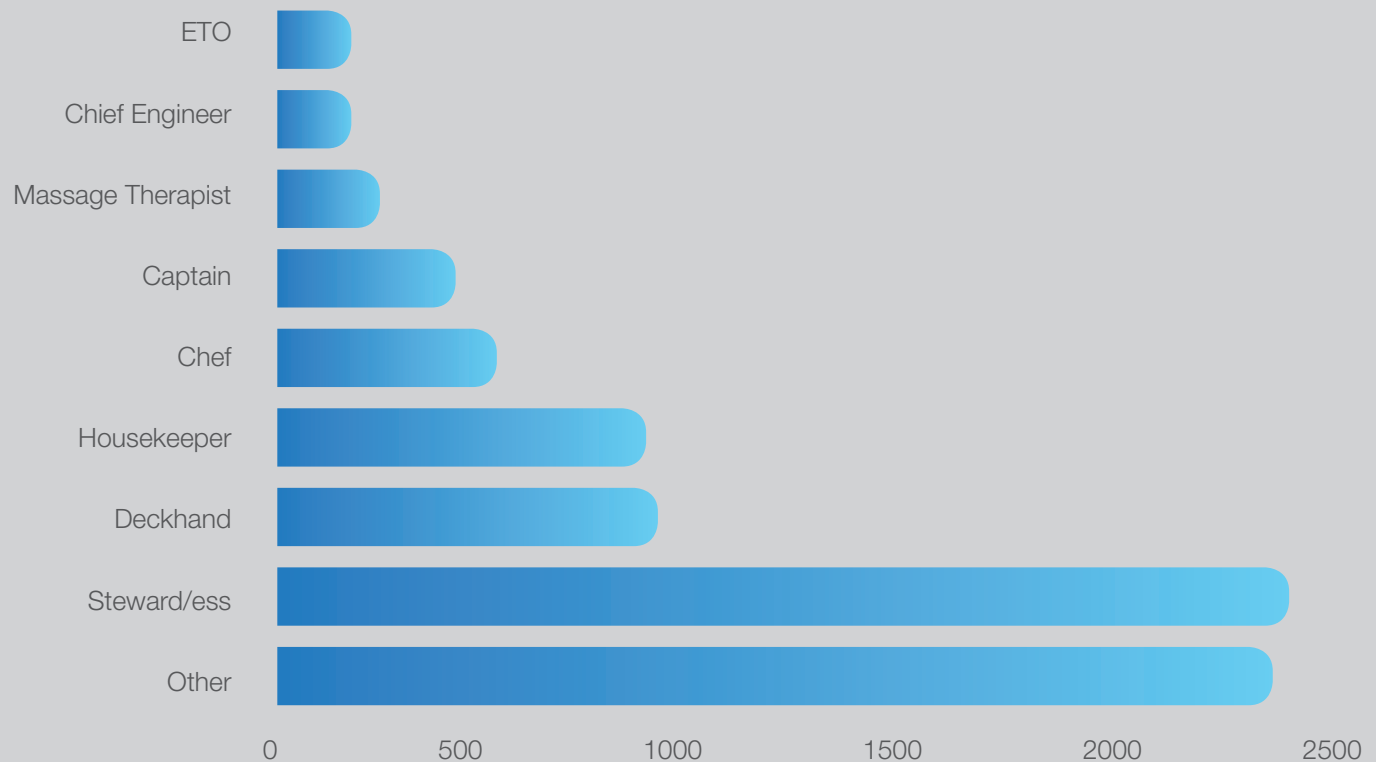

Our aim is to provide our recruiters with a very simple and easy to use service allowing them to advertise their job vacancies in both a quick and easy manner.

We provide recruiters the opportunity to advertise Basic jobs for free or alternatively Premium jobs with additional features from as little as €25. An automated job posting service which saves time is available to many recruiters.

yaCrew aims to attract experienced and qualified crew members. Job seekers need to complete an in-depth registration process, allowing us to find out all the right information for the recruiter. This also means that only the very serious job seekers will register and will guarantee us to have a higher standard of candidates registered to our database.
